

PUEBLO OF ISLETA

COVID-19 Screening Protocols

Screening Requirement: All POI employees are required to complete COVID-19 Screening upon reporting to work daily at the Pueblo of Isleta.

Screening Procedures:

1. Any POI employee who is sick with COVID-19 like symptoms must call the COVID-19 Response Line (505-869-9720) and notify supervisor.
2. If there is a confirmed positive, exposure, and/or employee is symptomatic, complete the **COVID-19 Self-Disclosure Form** and email to disclosures@islclinic.net
3. POI employees must complete the **POI Daily Health Screening Questionnaire for COVID-19** upon arrival to employee duty station.
 - a. For any atypical response to the Questionnaire, the COVID-19 Response Team will follow-up to determine if COVID-19 testing or quarantine is warranted.
4. The POI COVID-19 Scenario Guidelines will be used to provide steps/process related to COVID-19 for POI employees (applicable leave).

Supervision of Screening: For any atypical responses to the **POI Daily Health Screening Questionnaire for COVID-19**, the Safety Officer or designee will notify the employee and follow-up with any indication for COVID-19 testing or quarantine. **The employee is responsible for notifying their supervisor.**

Confidentiality: All data and information obtained shall be kept strictly confidential and maintained by the Tribal Health Officer and provided to Human Resources to be filed in the employee's health file.

Approved: 
Governor Vernon B. Abeita
