EXECUTIVE ORDER 2026-03
RESCINDING THE PUEBLO OF ISLETA BURN BAN

WHEREAS, the Pueblo of Isleta and state of New Mexico are currently facing unprecedented drought conditions that pose a significant threat of fire danger;

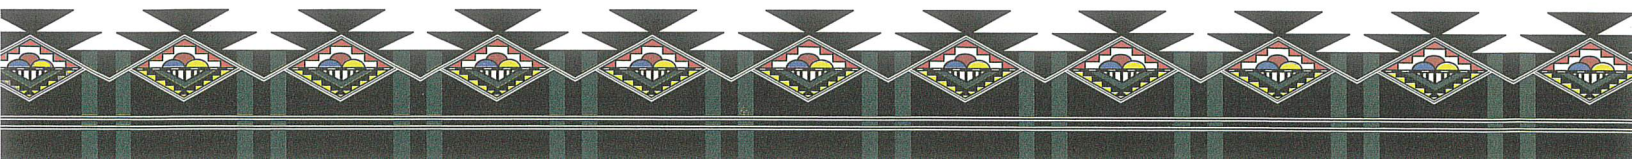

WHEREAS, the Governor finds it in the best interests of the Pueblo of Isleta and its lands, resources, community health, and safety to proactively enact measures to protect Isleta tribal members, lands, and structures from fire danger; and

WHEREAS, due to recent changes in conditions, the Governor finds it in the best interests to amend fire restrictions across the Pueblo.

NOW THEREFORE BE IT RESOLVED, the fire restrictions imposed under Executive Order 2026-02 are hereby lifted immediately, subject to applicable laws, regulations, and the burn permit and daily authorization requirements set forth below;

BE IT FURTHER RESOLVED, holders of valid Pueblo of Isleta burn permits may continue to conduct ditch, field, yard debris, agricultural, and trash burning only on days authorized by the Isleta Fire Department. The Department of Natural Resources shall continue to issue and administer annual burn permits; however, daily authorization to burn shall be determined solely by the Isleta Fire Department based upon current weather conditions, fire danger, air quality, and public safety considerations. Permit holders must comply with the established call-in notification process prior to conducting any burn activity. Possession of a valid burn permit does not constitute authorization to burn on any given day and burn activity may be restricted, suspended, or prohibited at any time when conditions are warranted;

BE IT FURTHER RESOLVED, the Bosque and east mountains are open to **authorized activity**, including but not limited to all vehicles and off highway vehicles (including but not limited to ATVs, UTVs, and dirt bikes) and recreational activities, provided however that the use of off highway vehicles and dirt bikes remains prohibited in the east mountains;

BE IT FURTHER RESOLVED, pressurized liquid or gas stoves, lanterns, and heaters meeting applicable safety specifications shall remain permitted. Traditional cooking and baking fires, in contained and sealed hornos or outdoor ovens and use of propane type grills remain permitted;

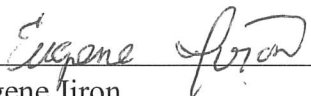

BE IT FURTHER RESOLVED, that the Isleta Fire Department, Isleta Police Department, and Isleta Department of Natural Resources are hereby authorized and directed to do all that is necessary to enforce compliance with this Order; and

BE IT FURTHER RESOLVED, that notice of this Executive Order shall be made to all interested parties and Tribal Members by:

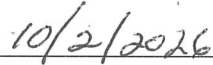

- Providing electronic notice through the Pueblo of Isleta website and related social media;
- Providing notice through the Pueblo of Isleta text messaging system; and
- Posting notice at public locations within the Pueblo.

To the extent this Order may conflict with any other previously issued Order or directive, this Order shall supersede any other order, proclamation, or directives.

This Order shall take effect immediately and shall remain in effect until either rescinded or amended.

Eugene Jiron,
Governor
